

## Identity Theft Prevention

### PREVENT CRIMES BEFORE THEY OCCUR!

Per the Federal Trade Commission, Identity Theft is the fastest growing crime in America.

- More than 27 million identities have been stolen.
- More than 15 million identities will be stolen this year - that's one identity every 2.1 seconds.
- You are 25 times more likely to have your identity stolen than to have your car broken into.

**Preparation is the key to financial security.**
